Current rates effective January 1, 2020.

For developments constructed utilizing publicly owned sewer pumping stations, the availability fee will increase by \$1,000 per equivalent residential connection.

Mainline water and sewer taps are \$500 each.

For water services constructed by others, meters up to 1 inch are \$250 and larger meters will be billed at cost.

Water or sewer availability fees may increase up to \$1,000 per connection for services that require pavement restoration.

Water and sewer connection fees may be increased to cover the cost of pavement restoration.

Cost shown are for residential only. Commercial services to be installed by others or by the Authority at actual cost.

Fire hydrant connection fee is \$5,000.

Water availability fees are not charged for new fire services.

Additional fees may apply for offsite extension projects or extraordinary circumstances determined by our Engineering Department.
